CREATE MY APP

# 7- Now, you have to choose from 3 options!!

The screenshot shows the iBuildApp website interface. At the top, there is a navigation bar with the iBuildApp logo and links for Features, Pricing, App Store, Marketplace, Resellers, Community, and Login. Below this is a 'My Apps' section with tabs for All Apps, Native Apps (iPhone/Android), Native iPad, and Web Apps. A modal dialog titled 'Create New App' is open in the center, offering three options: Native iPhone/Android App (selected), Native iPad App, and Web App. A blue 'Continue' button is at the bottom of the modal. The browser's address bar shows the URL https://ibuildapp.com/myapplications.php. The footer contains links for About Us, Contact Us, News, Support, Resellers, Enterprise, and Developers, along with Privacy Policy and Terms of use.

8- Let's try Native iPad  
App then click **Continue** .

# 9-To create a new app, choose a template and then click "Use It"

The screenshot shows a web browser displaying the 'ibuildapp.com/templates.php?filter=ipad' page. The browser's address bar and search bar are visible at the top. Below the browser, there are three rows of app templates, each consisting of two iPad device images showing the app's interface and a text description with a 'Use It' button.

**Template 1**  
Use this template if you're looking for something eye-catching, and yet clean and flexible enough to be used as a traditional presentation template.

**Template 2**  
Take the nice technology themes templates to generate professional publication!

**Template 3**  
The Template provides easy interface to publish your content in elegant manner!

[Use It](#)

[Questions](#)

10- Enter your app name.  
Then click **Create**.

The screenshot shows a web browser window with the URL <https://ibuildapp.com/myapplications.php?action=create&template=2&filter=ipad>. The browser's address bar and tabs are visible at the top. The website's navigation menu includes links for 'My Apps', 'My Templates', 'My Modules', 'My Plans', 'My Tickets', 'My Profile', 'Donti\_7', and 'Log Out'. The main header features the 'iBuild App' logo and links for 'Features', 'Pricing', 'App Store', 'Marketplace', 'Resellers', and 'Community'. A language dropdown menu is set to 'En'. The main content area is titled 'Create New App' and contains a form with the following elements:

- A heading: 'Enter your app name'
- A text input field labeled 'App Name: \*'
- Two buttons: 'Create' and 'Cancel'

At the bottom of the page, there is a footer with links for 'About Us', 'Contact Us', 'News', 'Support', 'Resellers', 'Enterprise', and 'Developers'. Below these links are the links for 'Privacy Policy' and 'Terms of use'. The copyright notice at the bottom reads '© 2014 - 2019 iBuildApp, Inc.'.

# 11- Now, you can design your home page. Add a photo and text

Questions

Design the Home page:

# 12- See how it looks with pic and text!!

Questions

## Design the Home page:

### 1. Edit Logo

Logo:  No file chosen

Image dimension must be 768 x 260 in pixels; otherwise it will be scaled and cropped to fit the size. File must be under 1MB.

### 2. Edit "Table of Contents" text

Text:

### 3. Customize the colorschema

# 13- To add more pages, you should click on **Add Page**.

Important:  
The web simulator just gives an idea of how your app will look on a real device. You may notice different behavior of app while testing on device and simulator.

# 23- To add more info about your app, you should click on **App info**

The following information will appear with your app in the App Store.

App Name: \*

App Category: \*

App Description: \*

App Keywords: \*

App Website: \*

We recommended using your company's website.

App Logo: \*  No file chosen  
1024 x 1024 pixel version of your app icon (formats: .png .jpg .gif)

? Questions

24- Once you finished your pages,  
click on **App publishing** button.

The screenshot shows the iBuildApp website dashboard. At the top, there is a navigation bar with links for 'My Apps', 'My Templates', 'My Modules', 'My Plans', 'My Tickets', 'My Profile', 'Donti\_7', and 'Log Out'. Below this is the iBuildApp logo and a secondary navigation bar with links for 'Features', 'Pricing', 'App Store', 'Marketplace', 'Resellers', and 'Community'. The main content area features a large red arrow pointing to the 'App Publishing' button in a horizontal menu. Other buttons in the menu include 'Dashboard', 'Build your App', 'App Settings', and 'App Info'. Below the menu, there is a status bar with 'In-Design' selected, an 'App Quality Indicator' progress bar, and a message: 'the app is missing content'. At the bottom, there is a preview of a tablet with a 'LIVE DEMO' tag. The Windows taskbar at the bottom shows the time as 4:05 PM on 25/3/2013.
